Object

The object of the National Plant, Flower and Fruit Guild is to distribute flowers and plants, fresh and preserved fruits and vegetables, among the poor in settlement districts, hospitals and other charitable institutions.

To place window-boxes and establish gardens in poor districts, and to do all that is possible to cultivate a love for nature.

To aid those who live in the country to share their abundance with the dwellers in the city.

Our Needs

Patrons, who pay annually $5.00 or more.
Associates, who pay annually at least $1.00.
Donors, who pay any sum at any time.
Any seedlings or plants you can spare us.

Will you not become a Collector or establish a Country Branch this spring?

When dividing the perennials in your garden, or transplanting your seedlings, will you not send your surplus to us for our backyard gardens?

Will you not send us the flowers from your greenhouse or the fruit and vegetables from your garden while you are away?

A post-card request sent to this office will bring you free transportation labels for this purpose.

PPHOR

Report of the President

The time has come again for our report, and there are several things I want to tell the friends of the Guild.

First of all is the fact that most of our flowers are enjoyed by children—do you realize that eighty per cent. of our nosegays go to the little ones? If you were to walk through some of the back streets on a hot, sultry summer day, with an armful of flowers, the children would crowd around you with eager, outstretched hands, and beg for them. Our flowers reach these children, who rarely see many growing in gardens. By proxy, as it were, we do this delightful task for you!

I wished to make sure of the condition in which the flowers arrive at the various institutions. So last summer I visited two Day Nurseries, three hospitals, two missions, the Home for Aged Couples, Visiting Nurses, College Settlement, Wayfarers' Lodge, and four other places, making fourteen in all. In every case the flowers were received in good condition, and were greatly appreciated. This was a most encouraging fulfillment of my expectations.

In our Back Yard Gardens we reach the children again. They are in many instances the ones who take care of them, and it does good in so many ways. By teaching them neatness, by giving them a healthy occupation, and by keeping them out of that most dangerous place—the street. When one sees a spot of green in those hot, stuffy yards, it is indeed an oasis in the desert of bricks!

Last summer we did Back Yard Garden work in connection with the Octavia Hill Association. Our teacher visited five courts, one playground and the Casa Ravello. This was almost entirely "box gardens," and it was largely with the Italian element, who are so fond of flowers. It proved a success, and many of these people are eagerly waiting for the spring to come to begin again.

Through the efforts of Miss Emily R. Fox, we were donated a large number of bulbs from Logan Square, taken up after blooming. These have been planted in some of our gardens—I trust they will arouse interest earlier than ever.

I am telling you, my friends, what we can do—what your kind donations of money, flowers and interest can accomplish.

I ask you, in return, to continue with your help. Can you not interest others? Real success in this work means co-operation.

If you already belong to a Branch of the Guild, will you not keep up the interest?

If you have a garden and flowers to spare, will you not start a Branch?

Pick out any of the various charities mentioned in the report, or any other in which you may be interested, and write to the President, Room 11, 20 South Eighteenth Street, and we will gladly send you Express labels, and if you can send off once a week a basket of flowers, tied in small bunches, covered with damp newspaper, they will give great pleasure to some poor people.

Toward Fall, when preserving time comes along, we are only too glad for any jars of jam and jelly you can spare us. The many institutions we send to, especially the Visiting Nurses, appreciate them greatly; they are often put in the Thanksgiving and Christmas baskets for the poor.

If you have no flowers to give, can you not become a Patroness or Associate Member, and help us in this way?

Our expenses are kept down as much as possible, but we need your financial support very much.

I wish to thank—I wish I could do so personally—all those who have so kindly helped in this excellent work.

I am particularly grateful to the contributors of money, for their most needed support; and I especially want to thank the Express Companies, for with their obliging co-operation we are enabled to carry on our work of good cheer.

PHOEBE C. PHILLIPS.
